The State Emblem of Ukraine

The national emblem of Ukraine is a gold trident on an azure background. In ancient times it was the dynastic coat of arms of the Kyivan princes. It is derived from three spears of the sea god, Poseidon, but since Christianity it has symbolized the Holy Trinity. With the blue-and-yellow flag for many years the trident symbolized the aspirations of the Ukrainian people for freedom and independence.

The State Hymn of Ukraine

Ще не вмерла України і слава, і воля,
Ще нам, браття молодії, усміхнеться доля.
Згинуть наші воріженьки, як роса на сонці.
Запануєм і ми, браття, у своїй сторонці.

Приспів:

Душу й тіло ми положим за нашу свободу,
І покажем, що ми, браття, козацького роду.

The state Hymn of Ukraine is a national hymn on music of M. Verbickogo with words of the first stanza and refrain of product P.Chubinskogo.

The Ukrainian Flag

The Ukrainian Flag consists of two horizontal fields: blue and yellow. They seem to remind that there are two very important things for people: the peaceful blue sky and stands of yellow ripened wheat, as the symbol of welfare of our nation. The combination of the blue and yellow colours dates back to pre-Christian times.

They predominated on the flags of the Kyi van Rus and were prominent during the Cossack age.
